No Blanks in list

Create Relationship   ?   ×

Pick the tables and columns you want to use for this relationship

Table: Column (Foreign):
tbl_Payments   ▾   FINANCIAL DIVISION   ▾

Related Table: Related Column (Primary):
tblFinDiv   ▾   Financial Division   ▾

Creating relationships between tables is necessary to show related data from different tables on the same report.

OK   Cancel

Microsoft Excel   ×

⚠ We couldn't get data from the Data Model. Here's the error message we got:

Column 'Financial Division' in Table 'tblFinDiv' contains blank values and this is not allowed for columns on the one side of a many-to-one relationship or for columns that are used as the primary key of a table.
