4/27/20 (KRL) I sent a follow up note to Mike O'Toole pointing out that addenda 8 approved Columbia lockers but made no mention of ASI.  On 4/15/20 I sent Mike all the details to submit an RFA through his GC for ASI. When we talked at that time he was going to pursue the project and getting ASI approved.

I forwarded the RFA details to Mary Ann for Pawling on this project. Per the AIA all RFA's need to be processed through GC primes. The AIA sent me the list of planholders; however, no GC's were listed.  For that reason it's better to forward the details we created to a distribution partner so they can submit to their GC's when they go to bid the project.

Ryne Wight Emailed me back and asked that all substitutions be sent through GC primes. I'm trying to find out from him who the plan holders are. In the meantime I sent the RFA details to Mary Ann to have her notify our dealers. If one of them is bidding this job they would be able to submit this request through one of their GC's.				
<b>Date: 3/23/2020</b>	<b>Person Contacted: Ryne Wight</b>	<b>Call By: Kyle</b>	<b>Action: RFA</b>	<b>Brand: Accurate</b>
I sent a RFA to Ryne Wight at CPL- rwight@CPLteam.com  RFA included VDP, metal and phenolic lockers. ASI was already approved for phenolic core toilet partitions and bathroom accessories.  Accurate is BOD Bobrick is BOD with ASI, AJ listed
