**unauthorised changes / alterations this will incur an over / above cost to you to make the scaffolding safe again.**

**If Tubes Scaffolding cannot gain access to site to carry out an inspection the client will hold total responsibility for the safety of the scaffold and the inspection charge will still apply.**

**If no contractors are on site to sign the Handing Over certificate, it shall be deemed 'handed over' once the scaffold has been used, it will be your responsibility to ensure a competent person has checked the scaffolding prior to its use. Once accepted it will be your responsibility to maintain a safe working scaffold.**

**All costs shown are plus Vat at the current rate.**

**On acceptance of this estimate you will take responsibility for all Client / MC duties within CDM 2015.**

**Please note that order numbers MUST be received prior to our arrival on site, written instruction will also be required before any additional works are carried out.**

**Please check terms and conditions link below for any additional specifications that may apply to this contract.**
