

When a project has to be postponed, the start and end date have to be adjusted. We have to make an appendix. In this example, it is the second appendix for this project.

Appendix Number

Contract Number

	DATE	REMARKS
Appendix sent to chairman	<input type="text" value="23/11/2023"/>	<input type="text" value="VMV,DT, modification du titre, objectifs de recherche et org. des tâches et détails fin. + 4 m g"/>
Appendix signed by chairman	<input type="text" value="23/11/2023"/>	<input type="text" value="DT"/>
Appendix sent to coordinator	<input type="text" value="24/11/2023"/>	<input type="text" value="VMV"/>
Appendix signed by consortium	<input type="text" value="13/12/2023"/>	<input type="text"/>
Saved	<input type="text" value="13/12/2023"/>	<input type="text"/>
Saved in Fedcom	<input type="text" value="09/01/2024"/>	<input type="text"/>

Anticipated end date

Adjustment ED

Effective end date

The new dates are automatically transposed in a subform. The O Appendix gives the contractual dates. These are also necessary for the projects that are not postponed.
